

10th International Adventure Conference

Being-with and being well in nature: Our tentacular adventures

7-9th June 2023, Treuchtlingen, Germany

<https://www.adventure-campus.com/iac2023/>

Abstracts of **400** to **600** words (excluding references) are invited for peer review. Abstracts should clearly state the presentation objectives and findings, and explicitly identify which of the key themes that the presentation fits.

The abstract should include: title, keywords, introduction, method, findings/discussion and conclusion. Inspiring conference posters are also requested from students and other researchers.

Please use Calibri font size 11 and save the document in Microsoft Word format using the family and first name of the presenter (eg. Taylor, Steve). If supplying references, please include a maximum of **five**.

We welcome all forms of representation at the event, from performance (poetry, song, dance, video, or whatever) to more traditional research papers and posters, and everything in-between.

All abstracts should be submitted to Farkic.J@buas.nl by 31st March 2023.
